MC285

MC285

The MC285 boxes way above its weight with a massive 2.82 ton lifting capacity while measuring just 750mm wide when stowed. Its slim body is able to fit through most doorways allowing access to areas previously inaccessible to standard cranes. The MC285 has proven to be one of the most popular models of mini crane and is used in many varied applications. The latest version of the MC285 model features improved safety features, a 4/2 fall hook block as standard and is faster and easier to operate than ever before.
